

# Tarrison Products Ltd.

*ConverTemp*  
*a-Temp*

**Solid Door  
Double Section  
Dual Temperature  
Refrigerator/Freezer**

**CTRF4-40**

**The industry's first  
all-convertible “*shift on the fly*”  
refrigeration system.**

**Features**

**“Shift on the fly” technology** allows Convert-a-Temp freezer sections to be fully convertible to refrigerator temperatures and refrigerator sections temporarily convertible to freezer temperatures. Simply adjust the temperature on the exterior PC board and your Convert-a-Temp unit becomes the most unique, versatile and “must-have” piece of equipment in your kitchen.

**Convert-a-Temp** refrigeration systems can be set exactly to a wide range of desired temperatures. Temperature setting is easy, fast and accurate.

**Stainless steel interior and exterior** for greater durability, construction and appearance.

**Indirect Fin-Coil Cooling.** *Convert-a-Temp* fin coil evaporators use the power of gravity to indirectly circulate in the box, creating low velocity airflow and more even temperatures.

**Convenient and energy-efficient half-door design.** Opening only half a door will release only half of the cold air. The doors also have recessed handles and come with adjustable tension springs for hands-free closing.

**“Auto-D” Evaporator Defrost.** *Convert-a-Temp* units offer an automatic evaporator defrost system. If the computerized thermometer and temperature control senses that the evaporator temperature is low enough for ice to accumulate, the unit will automatically cycle into defrost.

**Heavy-duty 5” casters standard** for easy mobility and installation. *Convert-a-Temp* units are 76.2” high on casters to wheel through most standard doors.

**CTRF4-40**

Formerly J4SRF-40B

**Solid Door  
Double Section  
40 Cubic Foot  
Refrigerator/Freezer**

Dimensions	W"	D"	H"
Exterior:	49.6	32.5	71.2
Height with casters:			76.2
Interior refrigerator:	21.3	26.7	57.0
Interior freezer:	21.3	26.7	57.0
Pallet size:	53.0	34.0	4.5

**General Information**

**Refrigerator**  
Cubic Feet: 20  
4 adjustable epoxy coated steel wire shelves

**Freezer**  
Cubic Feet: 20  
4 adjustable epoxy coated steel wire shelves

Shelf Size: 24.5" X 20.5"  
Exterior: Stainless  
Interior: Stainless  
Unit Weight: 419 lbs.  
Gross Weight: 463 lbs.  
Cord length: 73" Nema 5/15P  
Volts: 115  
Amps: 9.38 (run) 14.76 (start)  
Electric condensate evaporator  
Insulation: 2.5" thick, high-density polyurethane, foamed in place  
Interior Lights

**Compressor Information**  
Refrigerant: R134A (R) / R404A (F)  
Number of compressors: 2  
Refrigerant Capacity: Medium/Low Temp  
Use: Refrigerator/Freezer  
H.P.: Refrigerator 1/5, Freezer 1/2

**Warranty:** 1-year parts and labour and 5-year compressor.
